Journal specific agreements

Some of our journals are supported by organisations, if an author is a part of one they can benefit from coverage

学会名の表示されているチェックボックスをクリックして、下段のコメント欄に日本心身医学会の会員番号を入力してください。筆頭著者とcorresponding authorが異なる場合は、双方の会員番号を記載してください。

Journal partners

The following journal partners support the publication of **BioPsychoSocial Medicine** and could help pay your APC if your institution:

- can't pay your APC because they don't have an agreement with us
 - has reached its APC payment quota
- > [What are journal partners?](#)

Please select the journal partner below if you're:

- affiliated with them
- or you meet their eligibility criteria

☒ The Japanese Society of Psychosomatic Medicine

Members of the Japanese Society of Psychosomatic Medicine are eligible to pay a discounted APC, provided that both the first author and the corresponding author are members of the society. Send a message to this partner, indicating your Society membership number. This will help them identify you and confirm your eligibility for the funding they offer.

Visit <https://www.springer.com/journal/13030> for more information.

You have 200 words remaining

☐ I'm not affiliated with them and I don't meet their eligibility criteria

License Agreement to the Article

Copyright Clearance Center (CCC) has this license which requires to copy, distribute and transmit the article as follows: (a) permission to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by Springer Nature for users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the fee of \$12.00 USD is paid directly to CCC. For those organizations that have been granted a photocopy licence by CCC, a separate system of payment has been arranged. The fee code for users of the Transactional Reporting Service is 0957-0773/2018 \$12.00 USD. (b) Authorisation does not extend to other kinds of copying, such as that for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale.

Subject to author's acceptance of this Article, it will be published under the Creative Commons license above which is:

1. Scope of Rights

(a) For the grant and irrevocable consideration, the Author hereby grants to the Licensee the perpetual, non-exclusive, irrevocable, world-wide, exclusive, sub-licensable and non-transferable right to publish, reproduce, reuse, distribute, communicate, disseminate, sell, rent and/or otherwise make available the article described above, including any accompanying information and graphics described therein in a digitalization, shall, meaning meaning (the "Article") in any language, in any medium or platform, in any and all forms and/or media of reproduction (including and without limitation in print and electronic forms), whether now known or developed in the future.

(b) Without limitation, the above grant includes: (i) the right to copy, alter, adapt, adjust and grant separate licenses to all of publishing and marketing rights including without limitation to the right to sell, lease, license, or otherwise make available the Article in any form and/or medium; (ii) the right to use the Article in any form and/or medium for or in connection with other products; and (iii) the right to create, use and/or license other derivative content based on or made up of any kind or version of the Article (including abstracts and summarized abstracts). The above rights are granted in relation to the Article as a whole or in part and with or without to any other works.

(c) Without limiting the rights granted above, Licensee is granted the right to use the Article for the purposes of printing, testing, and development of publishing and research-related activities, textbooks, academic journals, and services in connection with the Article with sales made payable to the same, and to make and share the Article and any associated communications/offerings to maintain the historical record, and to facilitate research, teaching and learning. The grant of rights in this Article shall not be revocable.

(d) The Licensee shall have the right, but not the obligation, to exercise any or all of the rights granted herein. If the Licensee does not or cannot use the Article for any reason, all publishing rights over this Agreement as set forth in clause 1.1 shall not revert to the Author.

2. Ownership

Ownership of copyright in the Article and all content in the name of the Author, either originating the Article or deriving there from, is the Author and acknowledges and retains that publication in the journal.

3. Use of Article Materials

(a) The purpose of this Agreement (i) references to the "Article" include all portions of the Article (ii) "Submitted Manuscript" means the version of the Article as first submitted to the Author, (iii) "Accepted Manuscript" means the version of the Article accepted for publication, but prior to copy editing and typesetting, and (iv) "Version of Article" means the version of the Article as published by the licensee, after copy editing and typesetting. Rights in all versions of the Manuscript are granted on a non-exclusive basis.

☒ By ticking this box you are agreeing to the content in this publishing agreement, and are legally bound to it.

I agree and submit

You will receive a copy of this document by email after you agree and submit.
